## FOUR DELEGATES TO BE SENT TO STUDENT VOLUNTEER CONVENTION

### Committee Appointed to Lay Plans for Union's Participation in Detroit Convention

Union College will send three students and one faculty member as delegates to the tenth quadrennial convention of the Student Volunteer Movement, to be held in Detroit, Mich., Dec. 28, 1927, to Jan. 1, 1928.

A committee of five was appointed Monday, October 31, by Professor Thiel, to nominate delegates and lay plans for sending them to Detroit.

Union College has sent delegates to the Student Volunteer Convention every year since 1906. Professor H. U. Stevens, Miss Lulu Blanche Hiatt, and Professor R. A. Nesmith are among those who have gone as delegates in past years.

"These conventions, held every four years, are unique in the number of students attending, the number of schools represented, the world-embracing range of their thought, and in the spiritual forces they set in motion in North American student life," writes Jesse Wilson, general secretary, in a letter to the school. "The purpose is to present convincingly to the current student generation the foreign missionary enterprise in terms of present-day conditions."

"To these conventions have come student and faculty representatives from most of the institutions for higher education in the United States and Canada; these gatherings have, in fact, drawn delegates from more universities and colleges than has any other assembly held for any purpose. The last one, held in Indianapolis, January, 1924, had in attendance 4900 students and 400 members of faculties from 841 institutions and from every state and province in the two nations."

"This tenth quadrennial, distinctively Christian and missionary in character, comes at a transitional period in the history of the modern missionary movement. It will face earnestly and fearlessly elements of strength and weakness in the efforts of western churches to make Christ

(Continued on page 2)

## SABBATH SCHOOL PROGRAM TO INCLUDE TALK ON BORNEO

### Five Classes Have Perfect Records on October 29

The Sabbath school program for November 5 will include the mission talk, "A Glimpse of Mission Life in Borneo," by Miss Mildred Rhoades, and a solo by Miss Lulu Litwinenco. The review will be given by Miss Lois Morey.

On Sabbath, October 29, there were five one hundred per cent classes. The membership and attendance has been increasing each week. The number of those studying the Sabbath school lesson daily has shown remarkable growth, according to Professor Wilcox.

## North Hall to Celebrate Annual Open House

The young women of North Hall will entertain their friends at open house on Saturday evening, November 5, at seven forty-five.

This will be the eighth annual open house that North Hall has had. The girls will open their home to the men of South Hall. The parlors and reception rooms, hospital, spread room, and living rooms will all be open to the visitors.

A very good program and unique refreshments are promised by the committee in charge.

## PROCEEDS FROM SACRIFICE WEEK TO GO TO AFRICA THIS YEAR

### W. E. Howell Tells of Accomplishments of Colleges in Past Years

The money raised during Sacrifice Week, November 20-26, is to be used in establishing schools in Central Africa. Calls are continually coming from this part of the world asking for more teachers and more workers.

Professor W. E. Howell in his talk Wednesday in chapel told of the work that our colleges have done in past years and especially of the excellent work done in 1926. He is very anxious that this year's work will be far above the work done in other years.

Professor Howell, in his stereopticon lecture Thursday evening, showed pictures of the work that has been done in Africa and told what ought to be done.

## SUNSHINE BAND HOLDS MEETINGS IN DIFFERENT PLACES

### Music, Bible Studies, and Talks Bring Joy to Inmates of County Farm and Hospitals

The sunshine band held meetings in four institutions last Sabbath besides starting the work of the visiting band in College View. The work at the county farm and the orthopedic hospital has been carried on for a number of years. The story hour at the general hospital was started last year, and the meetings at Tabitha Home began last Sabbath.

The work at the county farm is carried on differently than at any of the other places. The inmates enjoy doctrinal studies and discoveries on the Bible. They also like music of all kinds, especially vocal. The programs given at the general and orthopedic hospitals are much the same, consisting of stories, chalk talks and music. The work started at Tabitha Home, the Lutheran home for orphans and aged people, promises to be interesting and profitable. In the institution there are sixty-five children, and fifty-five old people. The program is given to the combined groups. It is hard to estimate who

(Continued on page 3)

## COLLEGE BOARD VOTES MONEY FOR IMPROVEMENTS

### Purchases to Include Detector for Power Plant and Furniture for South Hall

At the Union College board meeting held last week it was voted to appropriate enough money to install a carbon dioxide detector in the power plant.

The purpose of the detector is to record the percentage of carbon dioxide that passes up the smoke stack. It is necessary to bring up the efficiency of both the firemen and the boilers. It is also equipped with a differential draft gauge which in itself gives much valuable information to those in charge of the boilers.

It is hoped that with the installation of these devices the efficiency of the Union College power plant will be brought up to the place, that there will be quite a material saving in coal.

The board also appropriated \$250 to be used in fixing up South Hall. The boys intend to buy a suite of mohair furniture for the small parlor, a rug for the lobby, and furniture for the guest rooms.

## FIVE MISSION BANDS ORGANIZED TO STUDY MISSION FIELDS

### S. H. Lindt Speaks on Needs and Opportunities in China and Other Fields

The organization of the mission bands was completed Friday evening, October 28. The groups composing the five bands met together in the chapel at seven o'clock where Elder S. H. Lindt, former missionary to China, spoke on the needs and opportunities in the mission fields.

After the meeting in the chapel, the students present passed to different rooms and five mission bands were organized. The bands with their leaders are as follows; island band, Martin Weidemann; South America, Lowell Welch; African band, Merrill

## Carl Johnson Wins Week's Prize in Contest

Carl Johnson, a senior, who turned in 19 subscriptions, was awarded the prize for the individual having the most subs for the first week of the Clock Tower contest, which closed Monday, October 31, at nine o'clock. Merrill Smith was a close second with eighteen subs. Other competitors for the prize were Sylvesta Davies, thirteen; Clarence Johnson, twelve; and Mrs. C. T. Burroughs, ten. The senior class was ahead in the contest, with the sophomores second. The winner was allowed to choose between a Union College table runner and a Union College memory book. Mr. Johnson chose a brown felt table runner.

A special rate was offered to those whose subscriptions expire in January, February, and March. They may renew their subscriptions for twenty months for only \$1.50.

## PROFESSOR PRENIER TO TEACH IN COLLEGE BIBLE DEPARTMENT

### Is to Fill Vacancy Caused by Resignation of Professor Saxton

Professor H. S. Prenier of Dallas, Tex., will arrive this week to take Professor H. F. Saxton's place in the Bible department. He will teach the classes formerly taught by Professor H. F. Saxton, who has been compelled to resign because of ill health.

Professor Prenier has taught in the Bible departments of both Southwestern Junior College and Washington Missionary College. For the past year he has been pastor in the Dallas, Tex., church.

## HUMANN BROTHERS GIVE CONCERT AT ENTERPRISE

### Quartet Sings at Topeka Church Sunday Night

The Humann brothers, Professor C. C. Engel, and Miss Marcella Engel gave a concert at Enterprise to a full house Saturday night, October 29.

If the weather had not been bad, extra seats would have been needed to accommodate the crowd. More of the town people were out than usual. The Humann brothers were enthusiastically applauded, being called back for an encore after every number.

The boys went from Enterprise to Topeka, where they sang Sunday night, October 30, in the Seventh-day Adventist church.

### CHURCH NEARS INGATHERING GOAL

The College View church's Harvest Ingathering goal is \$2700. Of this amount \$2116 has been raised. Many faithful members are still working, according to Elder R. T. Baer, pastor of the church.

## LECTURER GIVES DEMONSTRATIONS WITH ELECTRICITY

### R. B. Ambrose Allows Electric Current to Pass Through His Body

The second number of the lecture course was given Saturday evening, October 29, in the college chapel, by R. B. Ambrose, scientist, traveler, and wireless operator.

"The coming of the radio has caused a growing appetite for scientific phenomena, and this lecture is to satisfy this appetite," said Mr. Ambrose in introducing his lecture.

"I am not a trickster. All that I will demonstrate to you is based on laws made by divine hands," he said. "We are accepting new discoveries each year that are discoveries of divine law and that are marvelous, but we no longer marvel, for scientific terms are becoming so common to us that they are household terms to all of us."

Among the scientific demonstrations which Mr. Ambrose gave was one exhibiting the mysterious properties of one of the elements, selenium. There are unlimited possibilities and uses to which this substance may be put. Some very unique experiments were performed with electricity. By the use of a high amperage of electrical current he welded two nails solidly together and also made an arc light. With a current of high frequency,

(Continued on page 2)

## NO CASUALTIES REPORTED AFTER ANNUAL HIKE

### Fun Is Interrupted by Reports of Raids on College

A large number of the students of Union College participated in the annual hike to Tuttle's Grove, Monday night. At five-thirty, eleven enthusiastic groups of students started from North Hall, singing, blowing whistles, and playing ukes.

Blazing bonfires greeted the groups as they reached the grove. While all were busily participating in the preparation of supper, songs and shouts echoed from group to group.

Group three was located on the edge of a precipice. Two of the students fell off into the depths below and another was saved by hanging by his coat. When Dean Wilcox came around inspecting the camps, he, too, went over the brink in the darkness, but silently went his way unhurt.

While all were enjoying programs consisting of readings, jokes, ghost stories, and victrola music around the campfires, Mayor Kinzer received word to return to College View at once as Halloween marauders were abroad. He took a corps of "big fellows" and returned to defend Union College from threatening molesters.

About eleven o'clock the hikers returned and stealthily entered the dormitories under the protection of the faithful South Hall watchmen. Some of the North Hall girls found their rooms inhabited by ghosts.

## Editorial

Someone obtained two Clock Tower subscriptions by subscription last week. Because one person refused to subscribe to the paper, a clever solicitor started a subscription list and collected a dollar from several friends, donating the subscription to the mail carrier. The recipient of such generosity should enjoy reading the Clock Tower.

Cleverness and originality are valuable assets for a college student, not only in getting subscriptions, but in all other college activities. Because a thing cannot be accomplished in one way should not discourage anyone. Try another way; do something no one else has thought of before, and you have a chance to succeed.

It's really too bad to use this aged expression again, but it is so appropriate that we can't resist the temptation. So we say for the millionth time, "Where there's a will, there's a way." If you want to win the weekly Clock Tower prize, it's up to you.

Evidently the basket-ball players were receiving heavy support from the sidelines Saturday night in the gymnasium. If such heavy support is to become customary, we suggest that more substantial seats be erected for the onlookers.

## LECTURER GIVES DEMONSTRATION

(Continued from page 1)

artificial lightning was thrown into the air, and Mr. Ambrose proved that that current was harmless by letting it pass through his body and lighting an alcohol torch. A very unique experiment was the electrical osculator, which the performer said was a sanitary form of kissing. The practical possibilities of the use of electricity without wires, the radio, was demonstrated. The lecturer, standing in the rear of the chapel, raised a flag to the top of a pole, fired a cannon, and lit red, white, and blue globes by the use of electricity without wires.

Mr. Ambrose stated that there was no need whatsoever of all the debate and misunderstanding that has existed between religion and science.

"The facts of science remain," he stated, "and scientists are unable to explain much. The facts are divine laws. Science is of God and not of man. No scientist has yet been able to create a spark of life in the humblest creature. That is God's power. Every true scientist recognizes God and recognizes the wall that limits his field."

## Pointed Paragraphs

Selected by W. W. Prescott

At the cross of Calvary, love and selfishness stood face to face.

It would be well for us to spend a thoughtful hour each day in contemplation of the life of Christ.

Youth is the sowing time. It determines the character of the harvest, for this life and for the life to come.

Being a miracle himself, it would be the greatest of all miracles if he [Christ] did not work miracles.

Broken as we are by our sorrow, cast down as we are by our guiltiness, ashamed, and weak, and ready to despair, we can yet venture a hope that our great soul-miracle may be done; that, if we can but touch the hem of Christ's garment, a virtue will go out of him to heal us.

I believe a knowledge of the Bible without a college course is more valuable than a college course without the Bible.

The man who goes through life hunting for a soft thing can find it—right under his hat.

In one of the old Bibles of Cromwell these words are written: "He who stops becoming better, stops being good."

No argument against the sun will drive it from the sky. No mole-eyed skepticism, dazzled by its brightness, can turn away the shining it refuses to look upon.

It were easier to untwist all the beams of light in the sky, separating and expunging one of the colors, than to get the character of Jesus, which is the real gospel, out of the world.

Among men spirit contact is the closest; and nearer to man God cannot get than when he comes into vital touch with his spirit, in the Spirit of his Son.

Every spirit-filled life is a life that overflows into other lives, it is a life that is given back to God as a free-will offering, to be consumed upon love's altar in daily sacrifice for others.

Rivers to the ocean run,  
Nor stay in all their course;  
Fire, ascending, seeks the sun;  
Both speed them on their course.  
So a soul that's born of God  
Pants to view his glorious face,  
Upward tends to his abode  
To rest in his embrace.

Faith is the spiritual act, by virtue of which, in surrendering ourselves to him who died for us, we die to a life of sin, to the world, to ourselves, to all that we were before, and rise again in his fellowship, in the power of his spirit, to a new life devoted to him and animated by him.

### THE FEW

The easy roads are crowded  
And the level roads are jammed;  
The pleasant little rivers  
With the drifting folks are  
Crammed.  
But off yonder where it's rocky,  
Where you get a better view,  
You will find the ranks are thinning  
And the travelers are few.

Where the going's smooth and pleasant,  
You will always find the throng,  
For the many—more's the pity—  
Seem to like to drift along.  
But the steepes that call for courage,  
And the task that's hard to do,  
In the end result in glory  
For the never-wavering few.  
—Edgar A. Guest.

## Members of Ministerial Band Conduct Service

Messrs. Wiedemann, Wentland, Jensen, and Sofsky, members of the ministerial band, motored to Courtland Sabbath morning for Sabbath school and to conduct the eleven o'clock service. Mr. Jensen gave the Sabbath school review and Mr. Wentland delivered the sermon. In the afternoon the group went to Beatrice. Mr. Wiedemann delivered the sermon there. This work will be continued.

## NEW BOOKS IN COLLEGE VIEW LIBRARY

Several new books which have been added recently to the College View library will be especially interesting to college students, according to the librarian, Miss Mary R. Welch.

The books in the new twelve-volume set of "Woman's Institute Courses in Millinery and Dress-making" are especially good," states Miss Welch.

Other books are "Wordsworth," by Winchester, "The Poems of Sidney Lanier," "Over the Teacups," by Holmes, "Washington Irving," by Warner, "My Study Windows," by Lowell, "Science Re-making the World," by Caldwell, "Lincoln's Own Stories," by Gross, and "Parabolic Teaching of Christ," by Bruce.

## "BEHOLD THE LAMB OF GOD"

A traveler who was being rowed across the Mississippi by an old negro, was surprised to see the boatman drop his oars suddenly, and, pointing ahead, shout in great excitement, "Look! Look! Dere's de captain."

On a sloop coming down the river stood a man leaning against a mast. This was the "captain" at whom the old negro was frantically waving his hat.

"Who is this man?" the traveler asked, "and what has he ever done for you?"

The answer was: "He's de man dat saved me. I fell into de water and he jumped in and flung his arms round me and saved me!" Then he added: "I'd jes like to slave for him all my life; only my rheumatiz's so bad I ain't no good. He runs by here once a month, and I watches for him. I do love to point him out. Ain't he de kindest-looking man you ever saw? I jes love to point him out!"

Are we as enthusiastic about pointing out to others the Man who saved us?—Selected.

Never miss an opportunity to make some one else happy—even if you have to let him alone to do it.

It is surprising how many really honest people there are in the world—if one can take their word for it.

## DELEGATES TO BE SENT TO CONVENTION

(Continued from page 1)

known in their lands, will deal with those problems which keep students and others from full hearted support of the enterprise, and expects to lead out into a newer and finer day of Christian co-operation around the world. No institution awake to world issues will be without representation in such a gathering."

### FOR THE BLUES

Into two cups of the milk of human kindness, pour two cups of self-forgetfulness, add two cups of lend-a-hand, one cup of will power, and one-half cup of common sense. Mix thoroughly, sprinkling liberally with "Ha! ha! ha!"

## With the Alumni

1913

Dr. Charles E. Plumb, A. B., who is on the medical staff of the College of Medical Evangelists at Loma Linda, Calif., will go into private practice January 1 at La Havar, Calif.

1920

Clarence E. Dixon, academic, completed the pre-med course the past summer and is now pursuing the medical course at the College of Medical Evangelists at Loma Linda, Calif.

1922

Gustave Ziesmer, A.B., is principal of the high school at Ashland, Wis. Milton I. Griesse, A. B., is teaching in the high school of Oakdale, Calif.

1923

Catherine Comb, A. B., is now Mrs. Alfred Baker and resides at Miles City, Mont.

1924

Mr. and Mrs. Milo Hill, A.B., are teaching church school at Wichita, Kans. Mrs. Hill will be remembered as Lenore Brewer.

Verner Anderson, A. B., is home missionary secretary of the Iowa Conference at Nevada. Mrs. Anderson, formerly Beth Jones, is taking nurses training at the Nevada Sanitarium.

Harley Rupert, A. B., is taking his second year of medical work at the University of Oklahoma.

1925

Mr. and Mrs. Wm. A. Nelson, A. B., are living at Grand Valley, Colo. Mr. Nelson is principal of Inter-mountain Academy there. Mrs. Nelson, who will be remembered as June Turner, is teaching music.

The address of Oscar Snipes, A. B., is 236 Sixth St., Providence, R. I., where he is engaged in ministerial work. He conducted a successful effort there the past summer.

### SUNSHINE BAND

#### HOLDS MEETINGS

(Continued from page 1)

enjoys the stories and the music the most, the old people or the children.

The leaders of the different bands are: orthopedic, Hazel Berg; county farm, Avalo Owen; general hospital, Juanita Paxton; Tabitha, Genevieve Robeson; visiting shut-in, View, Grace Evans.

After Thanksgiving a band of village students under the leadership of Edda Rees is going to the state orphanage at University Place to hold a story hour with the ninety-three children who live there.

Some difficulty is manifested in getting the students to take part in the programs given by the sunshine band, but those who do take part testify to wonderful experiences and greater joy for having made someone else happy.

#### MESSAGES OF RELIGIONS

Babylon said: Be great; glorify thyself.

Greece said: Be moderate; know thyself.

Rome said: Be strong; order thyself.

Confucianism says: Be superior; correct thyself.

Buddhism says: Be disillusioned; annihilate thyself.

Hinduism says: Be separated; merge thyself.

Mohammedanism says: Be submissive; bend thyself.

Modern Materialism says: Be industrious; enjoy thyself.

Modern Dilettantism says: Be broad; cultivate thyself.

Christianity says: Be Christlike; give thyself.

Miss Couch.—That test wouldn't have been hard if you had known the answers.

1926

Kathryne Speh, A. B., is teaching in the church school at Pasadena, Calif.

Jack Christenson, A. B., is engaged in ministerial work in the Iowa Conference.

Clarence Johnson, A. B., is superintendent of public schools at Chapman, Nebr.

1927

Oswald S. Specht, A. B., is preceptor of Inter-mountain Academy, at Grand Valley, Colo.

Fern Halverson, A. B., is teaching church school at Long Beach, Calif.

Gregory Hoyt, A. B., is teaching in the high school at Lewellyn, Nebr.

Mr. and Mrs. E. L. Pingnot are spending the winter in Akron, Colo. where Mr. Pingnot, A. B., and Alger Johns, A. B., '26, are conducting a series of meetings. Mrs. Pingnot, A. B., '25, will be remembered as Elizabeth Madden.

Clyde Stuart, A. B., is principal of the Intermediate School of Oklahoma City, Okla.

#### Honorary

Mrs. P. H. Woefram who will be remembered as Marie Jones Anderson, former instructor of piano in Union College was a recent visitor of Mrs. Thomas Woodruff. Mrs. Woefram is now residing at Amarillo, Tex.

#### MISSION BANDS ORGANIZED

(Continued from page 1)

Smith; European band, Karl Schmitz; Asiatic band, George Chambers. The bands will hold meetings on alternate Friday evenings at seven o'clock.

#### MERE MENTION

Mr. and Mrs. J. I. Stringfellow, of Oakdale, Nebr., and Bud Stringfellow, of Nebraska University, were guests of Miss Fae Cowin Sunday afternoon.

Messrs. Solomon Ammon and Karl Schmitz spent Friday afternoon in Lincoln making arrangements for evangelistic work among the German speaking people of Lincoln.

Elder S. E. Wight and R. T. Emey are in St. Louis overseeing the reconstruction of the colored church. The church building was badly damaged in the recent tornado in St. Louis.

Miss Dosena Henricksen, from Omaha, visited Miss Lavana Johnson, Saturday, October 29.

Lola Malone, a former student, is teaching at Tuthill, S. Dak.

Miss Sadie Peterson and Mrs. Pritchard, from Fremont, Nebr., visited Miss Tillie Osnes on Thursday, October 27.

Opal Nelson, a student, here last year, is attending the South Dakota University at Vermillion, S. Dak.

Elder Campbell, field secretary of the Northern Union Conference, spent a few days with his son, George Campbell, who is the baker at the college.

Miss Celia Long, a student, accepted a call to teach church school and left last week.

### Do you know that

MODERN CIVILIZATION can be traced in tracing the history of modern printing?

THE REASON for this is that modern printing enabled men who thought to transmit those thoughts quickly and easily to others?

WITHOUT THIS MEANS of spreading knowledge we would still be living in the experiences of the "middle ages"?

THIS SAME PRINCIPLE holds good in business. If you do not let the people know what you have, they remain uninterested and dormant so far as you are concerned.

WE ARE BOTH ABLE AND WILLING to help you to get your ideas or wares before the people so they will become interested.

COLLEGE CORNER—STREET FLOOR.

The college power house has about twelve carloads of coal for the winter. This is about one fourth of the winter's supply needed.

Word was received from Russel Holmes, who was a student here last year, that he is working in North Dakota, but will be back at Union the second semester or sooner.

Professor and Mrs. H. F. Saxton left Tuesday for a visit to their farm in Wisconsin, returning to College View Friday.

Alger Johns and Elmer Pingnot, graduates of Union College, are conducting a tent effort at Akron, Colo.

All the fire escapes on the different buildings on the campus are being painted.

### PRESIDENT THWARTS FRESHMAN PLANS

The freshmen had their plans defeated when Professor Thiel asked them to wait after chapel Friday, October 28. They had planned to have a meeting after dinner Friday to perfect a permanent class organization.

Professor Thiel told them that the only classes that were organized in the college were the seniors and juniors. He said that after the Clock Tower contest they would be just plain, good boys and girls.

Some of the freshmen seemed disappointed and others seemed as happy as ever.

## Dainty Lingerie

which expresses femininity

College girls will be delighted with these new arrivals in crepe de chine lingerie. STEP-INS, "SHORTY" BLOOMERS, and straight-line or waist-style CHEMISE are included, in dainty pastel shades—flesh, peach, coral, orchid, Nile, and maize.

Trims of margo laces, two-tone combinations of the silk, rose-buds, nets, deep and narrow laces, and georgette ruffles add to their daintiness.

Priced \$2.95

# The Clock Tower

## CLOCK TOWER SUBSCRIPTIONS OBTAINED BY SUBSCRIPTION

### Solicitor Circulates Petition to Get Two Clock Tower Subscriptions

"If you can get mail carrier R. R. Reis to take the Clock Tower, then I'll subscribe, too," bargained postmaster C. B. Morey, when an ambitious solicitor entreated him to take the Clock Tower for one short year.

The solicitor took courage and went to Mr. Reis to impress upon him the necessity of taking the paper, but Reis could not see it that way and refused to subscribe. In this plight, the aforesaid ambitious solicitor, being a persistent person, went to several friends who came to the rescue by making this petition:

"The following pledge themselves to pay the amount opposite these names to pay for one year's subscription to the Clock Tower to be sent to R. R. Reis, mail carrier on Route 1, 342 W. 6th St., College View, Nebr., with their compliments:

N. S. Nelson .....\$0.10  
Elva Babcock ..... .40  
C. B. Morey ..... .10  
Lulu Plumb ..... .10  
Miss Olson ..... .10  
Lauretta Jacobson ..... .10  
Opal Dresselhaus ..... .10  
"This entitles the solicitor to a subscription from C. B. Morey."

### Officers Elected for Sigma Iota Kappa

The re-organization of Sigma Iota Kappa was completed Tuesday evening, October 25, when the men of South Hall by unanimous vote elected the following officers: president, Lester Minner; vice-president, Floyd Gilbert; secretary, Deforest Walker, Jr.; chairman of the program committee, Merrill Smith; members of the program committee, Ellis Storing and Eddie Barr.

The words, Sigma Iota Kappa, are Greek words meaning "young men's improvement society."

The plan for this year is that the programs given by South Hall talent be planned by the program committee, and that programs given by the other talent be arranged by the other officers. The programs are to be given Thursday evenings, alternating between the South Hall and outside talent.

### OUT-SIDERS WIN BASKET-BALL SERIES

The outside students defeated the inside students by a score of 15-5 in a hotly contested game Saturday night, October 29. Mr. Elstrom refereed the game.

This was the third game played by the outside and inside students, each having previously won one game, making the outsiders the winners of the series.

## Faculty Members Solicit in Lincoln

Miss Rochelle Philmon and Miss Estelle Kiehnhoff went to Lincoln, October 28, to solicit for the Harvest Ingathering. They canvassed in several Lincoln stores, and as the annual donation of the Crancer Music Store, they received \$25. "This was all obtained without doing any talking," states Miss Kiehnhoff.

Miss Ruby McGee and Miss Minnie Olson also did Harvest Ingathering work in Lincoln last week. They report many good experiences. Miss McGee says, "We have been fortunate this year in meeting people who are deeply interested in missions. One man told us that he had a \$100 pledge coming due the first of next week, but he would give us an offering, too. After waiting some time to see a busy doctor, we were ushered into the office. He told us that he and his wife had spent a large part of the past year in India and China. Since their return his wife has made a number of mission talks. He assured us of his deep interest in the work we are doing. He showed his interest in a material way by handing us a good check."

### COLLEGE FARM SUPPLIES FOOD FOR CAFETERIA

The well-equipped Union College farm is furnishing much of the food supply for the college cafeteria. The herd of registered Holstein and Guernsey cattle produce fifty gallons of milk daily. The weekly income from the dairy is \$100.

The feed for the livestock is produced on the farm. This includes one hundred tons of alfalfa hay and sufficient ensilage to fill two silos, whose combined capacity is three hundred tons.

The farm also owns a fine flock of English and American White Leghorn chickens which are now starting to lay. Last Friday six and one half dozen eggs were laid.

### The Academy

Professor Nesmith spoke in chapel Wednesday morning on "The Bible and Mathematics." We may subtract the evil from our lives and add and multiply the virtues. When we have performed these fundamental operations, we may divide by sharing our blessings with others," stated Professor Nesmith.

The academy boys are organizing a basket-ball team and will soon be ready to play the college.

The boys from the academy have been asked to compete for swimming honors with the college.

#### DRUG STORE NEEDS

When you want Face Powder, Toilet Creams, Perfumes, or Talcum Powder—go to DOBSON'S PHARMACY, 7th and L Streets. We carry a full line of Drug Sundries.

### STATION U. C. C. T. ANNOUNCING

A. B. Hall of Oakdale, Nebr., motored to College View, Friday, with his father and mother Mr. and Mrs. L. B. Hall of Crawford, Nebr. Mr. and Mrs. Hall will spend the winter with their daughter, Mrs. R. T. Baer.

Mr. and Mrs. J. E. Hoffman, of Omaha, and Mr. and Mrs. G. D. Melson, of Grand Island, were week-end visitors at the George Hoffman home. Mr. and Mrs. Melson attended the State Credit Men's convention held at Hotel Lincoln, Friday, October 28.

Pastor R. T. Baer left Monday, October 31, for Shelton Academy to attend the academy meeting and also the Nebraska Conference meeting.

Seventy-six dollars was raised Sabbath, October 29, for the home missionary band and the Havelock shop band.

Elton Beltz, with his brother, spent the week-end with his sister at Norfolk.

Lester Minner vows that before he ever runs for the office of president again he will pass out the gum before election day.

Norman Brethower spent a part of the week-end at Firth, Nebr., where he visited relatives whom he had not seen for eleven years. He reports that it was his pleasure to eat four meals in one day while there.

The bakery is finally re-decorated. For the past four weeks, while plans have been made to re-decorate it, it has been torn up considerably.

Frank Kosta spent a part of the week-end with one of his old classmates who is attending the university.

Friday evening a call was made to the boys on third floor of South Hall who wished to form a prayer band. A hearty response was the result and now there is organized a group of about eight. Meetings will be held Tuesday and Friday mornings. The first meeting was held Tuesday under the leadership of Harold Lickey.

George M. Campbell visited his parents at Hastings over the week-end.

Delmer Curtis, from Loveland, Colo., arrived at Union to attend college last week.

Herman Miller's mother, from Ozawie, Kans., visited him this last week.

Miss Winnie McCormack, class of '27, spent the week-end visiting friends and relatives here. Miss McCormack is teaching home economics in the high school in Glenwood.

### College View Lumber & Coal Company

Phone 36 College View

Miss Genevieve Robeson spent the week-end at her home at Council Bluffs.

Miss Welch has been re-cataloguing all the books in the Union College library. She is as far as the 266's.

The stack room in the library has been rewired, the new wire being placed in a metal mold, making it much safer and improving the appearance. There was danger from fire.

An item of interest to the members of the class of '27 is the fact that all valuable pamphlets, which otherwise would be destroyed, are now being carefully filed and classified in the filing cabinet which was the gift of the class.

Mrs. W. E. Howell accompanied Miss Rees when she graded rooms in North Hall. Mrs. Howell said she had never been in a dormitory where as much refinement and good taste was shown as here.

## Disaster Occurs During Game

An expensive pair of hose and a pair of shoes were ruined, and several North Hall girls were greatly surprised Saturday night in the gymnasium when the board on which they were sitting broke suddenly. The board gave way when the girls became over-enthusiastic in their support of the basket-ball teams. Two of the girls were slightly scratched. Those who were spilled in the crash were: Misses Marion Busse, Dorothy Vogel, Elva Babcock, Alice Sornson, and Opal Crozier.
